

YOU SHALL COMPREHEND ALL THINGS.

(An unpublished lecture of ANNALEE SKARIN will be printed in three successive issues of the Golden Dawn - No. 46, 47 and 48. This is the First Part. ANNALEE SKARIN was a devout Truth Seeker who TRANSLATED in 1952. Some scriptures she quotes are from the Mormon faith.)

Have you ever understood just what it means, "The Name of Jesus Christ?" We are told that if we believe, we shall ask anything in that Name and it will be done unto us. That "anything" means just that. It means that we can heal the blind, the lepers, the lame and deaf, the mentally ill, or transport ourselves wherever it is necessary to go in the service of the Lord, if we but "believe in His Name". That has been in my mind for quite a while. I thought and prayed about it, that I might completely understand the full meaning of what was inferred by just "believing on His Name". I know that before that Name the legions of Hades scattered and fled, I have beheld them tremble and flee before it - not just once but many times. But I have rarely seen that Name used to accomplish those great signs and miracles that were to follow those who believe. We have fallen so far short. Those who in any way know God, know that it is not God who has failed, but us.

So I prayed so earnestly to understand what was meant by "believing on His Name". I had never doubted for one instant in my whole life that Christ lived, that He had been born of the virgin Mary in Bethlehem of Judea, that he grew to manhood and began His ministry in Jerusalem and around Galilee. Also that He taught the great truths that have been standing testimonies down the centuries of His greatness, and that finally He gave His life on the cross for us and was resurrected. Those things I was as sure of as I was that there was a Henry VIII, a George Washington or an Abraham Lincoln, or as I knew any other fact of history. As I gave it careful thought I was positive that every other Christian, Protestant, Catholic and Mormon believed the same as I did about it. Then what was wrong with our belief? Then I was shown that we believe in the recorded facts of history; we believe that He lived and that He ascended into heaven, and that He stayed there, and that is all there is to it, as far as Christianity is concerned. But that is not enough, as our lack of power and understanding and joy and happiness and everything else has testified. And this was the answer: we must know the meaning of "that Name" even as the legions of Lucifer know its meaning. The great Word that became flesh is Christ - that was the Word. It is power, it is existence. It is the very power by which all things consist. When we use it with understanding then we will learn the power of the Name.

You stated that it was your belief that there were Saviors on other worlds. Of course they had Saviors on other worlds. Jerus was chosen as the redeemer of this world before the foundations of this earth were laid, not before the foundations of the universe, or the other worlds, He was true to His heritage of Light. He was the first born among all those who would be assigned to this world. By His divine humility, His perfect love and faithfulness, He perfected that Light within Him, and made it flesh and thereby showed the way for the rest of us. He took upon Himself the Name of the Christ, or the Great Divine Light which we were all organized from in the beginning. I am sure that there have been others who did not sin against that Light, else they could not have been sent as Saviors to other worlds. But in our sphere and scope of development we are only aware of Jesus in our own family of Spirit children who sought always to glorify the Light. His sole mission and purpose was to show us how to do everything which he did, that we might receive all that He received. Yet for 2,000 years none have tried to follow Him, except a few great and noble ones. Most have set back meekly, singing empty phrases about coming to Jesus.

Your own personal Redeemer is the Light of Christ within you. Mine is that

Light of Christ within me. It redeems us from our weaknesses as well as from our sins as we learn to contact and follow it, not relying on the arm of flesh, or other's teachings and directions. My work has been only to lead the people to this great knowledge. Their work is to accept or reject it. God is beginning to gather up His jewels, spoken of in the last three verses of the third chapter of Malachi. It is a great and glorious thing to be alive in this day and age.

You ask what it meant where I try to put over that we are the Spirit of Truth. How shall I explain it to you? This second work is the one that seemed to blind me with its Light for many months before it was written. I could hardly bear to look at it. One night I curled up on Reason's lap and cried like a baby. "There is so much to it.", I cried. "It is too big to grasp or use, or even think about. I can't even think about it. I can't even bear to look at it." He assured me, "Annalee, in a few short weeks you will understand it all perfectly!" That was literally fulfilled. It was only a few short weeks before the veil of eternity rolled away, and the past which revealed that we were the "Spirit of Truth" opened before me - and the present - and the future. It was so breathtaking. I was nearly overcome by it. I stood with one foot lifted ready to step across but was restricted to wait for those whom the Lord would call to go into this work, and to gather up my loved ones.

How can I make it clear to you? God said that His word is truth, and that truth is Light, and Light is Spirit. It is that Light and Life and Spirit that filled all space even before this world began, for it is eternal and we were a part of that great Spirit and Light of God. The very first thing that came into existence was Light, and the name given to this great Spiritual Light was "Christ". Study carefully and prayerfully the 93rd section of the D. & C.. Study every reference quoted. Don't just read the words, but what the words are saying. This is the only method of obtaining true Light, and be sure to pray always. After we travel so far into this Light we finally receive of the "fullness" even as Christ did.

It is so beautiful. It is so real. And now when I say that, I know whereof I speak, for it is no longer blind faith; but knowledge. We are told to add to our faith knowledge. Faith is always the road to knowledge.

A couple of weeks ago one sister prayed all night to know why all the Saints could not understand these great and marvelous truths. An angel appeared in her room and in his hand he held a medium sized glass tumbler. In it were small slips of paper. He held it up for her to see, saying, "This glass contains the names of those who will receive these truths now. There are not many who are spiritually prepared to comprehend." She was given to understand that these chosen few would step out into the Light and would later be the teachers of the others.

It is all so easy. It is just a matter of letting go of the darkness, or mortal concept, and then one steps into the great Light. The veil that must be rent is just a thread of mortal thoughts, or mental restriction. Love pulls it aside and one can step into the Holy of Holies and find himself in the very Presence of God. It is entering the Superconsciousness., which is the very mind vibrations of the Father. Thought is the one thing that can travel instantly. To thought, which is spiritual, there is no such thing as time or space. Thoughts can touch and caress the very inside of your stomach, your mind, or be here with me at one instant's flash. If man can reach out to the furthestest star with his thoughts at the flash of an eyelash, then understand if you can, the mind of God, sending out great waves of Light and Love. This is the very substance of which all things are

composed. It is the light of the sun, of the moon, of the stars, of the world and of us. It surrounds us. It is in us, flowing through us constantly, for in Him we live and move and have our being. Otherwise we could not abound or exist. It is truly the very life of us. And it is our superconscious mind, so as we rend the veil between our grubby little conscious minds or mortal concept of living and thinking, we are in contact instantly with this vibration of God extended. It is when we become aware of this oneness that we become that Light, or recall that we are that Light. Just learn to lift your mind constantly to this great vibrating Spirit of Almighty God. Let it enfold you. Feel the great love and power and then send that love out to enfold a world, and soon you will become one with it. I want to take you with me into this great Light just as fast as you can come. It is glory and joy and perfection such as mortal man has never comprehended.

I hope this has, in a small way, given you a glimpse of the things my soul was exclaiming over when I used to chant, "Oh, it is so beautiful! It is so beautiful!" Only now my conscious mind knows and understands and that land beyond has become a vision fulfilled. It is glorious and beautiful beyond anything mortal mind has ever contemplated, unless one has been quickened by the power of God, and all are entitled to it. No one has a monopoly on it. Truly there need be no sorrow, no unhappiness, no despair, no death, and there is the power waiting for us to use that cannot only control the elements of this earth, its conditions, but can reach out and begin to assist heaven, even as Christ showed me.

As you travel along this glorious highway of Light you will find increasing joys, increasing understanding, increasing Light enfold you until you truly become one with the Light and are filled with Light and will comprehend all things. Then you will know that you have received your ordination and from there on all things will be subject unto you. Then you will also receive the "Fullness of Joy". There are only two possible ways anyone can ever know the truth of this work, and that is to humble himself in prayer to God that he might know by the power of the Holy Ghost as promised in Moroni 10:5, "And by the power of the Holy Ghost you may know the truth of all things" or by living these laws as Christ admonished. Any individual who will follow either of these two courses will KNOW of the truth of these greater laws, and he will need no one else to decide for him.

This is a work that each individual must decide for himself/herself. I wish you could read the dozens of letters that have come pouring into me - testimonies from people who are applying these laws of love and kindness and gentleness in their lives for the first time - testimonies from those who have got down on their knees and pleaded with God to let them know with a positive knowledge if these books were true. I have wept often over such letters while my heart was overflowing with a joy unspeakable. One woman had prayed for a solid month to know if this was true or not. Then one morning she stood up in a fast meeting to bear her testimony and the Spirit of the Lord filled her being, and words were pouring out of her mouth; words of wisdom and power, and the Spirit of the Lord testified to her soul that this was His Work and she was to follow it.

Another woman who had been praying earnestly to know concerning this work was lying in bed one morning, and the prayer was gaining momentum in her soul, and as she prayed, the Spirit of the Lord filled her being and spoke out of the "pores" of her body saying, "Yes, this is true!" Her husband lying beside her heard it also. She jumped from her bed and stood looking at her body and her arms in amazement, for the voice had come out of her own body. Now this is especially beautiful to us, and that if necessary His angels will bear testimony of it - and that too has happened. But for those who seal their minds without asking of God, for them the blessings will have to remain hidden, and the power withheld.

It seems as though every day miracles of loveliness spring up, and everything beautiful becomes a thousand times more enjoyable than ever before. It is surely true that, as Joseph Smith said, the nearer we approach perfection the clearer are our views and greater our enjoyments. This year for Christmas I am offering the great glorious song of ecstasy singing from my soul - a song that can only carry love, joy, and perfection of thought and word. That is the New Song, and only those who have made these great truths a part of their very lives can possibly sing it. It is more real to them than the ground beneath their feet, or the houses they live in, or any of these tangible things of earth. It is an eternal reality that can never be lost after it is once found. It is the Pearl of great Price which the man found and sold all that he had that he might purchase it. It is the field where the great treasure is buried - and the man sought to possess it, and that great treasure is the treasure of treasures and is buried deep in every man's soul. It possesses a much more splendid Light than the Light of diamonds. It is the Spiritual Light of God buried deep in the center of each man, and it takes lots of prayer, lots of living and great humility to bring it forth. It is your Light, and only you can let it shine as you become polished and refined in the hands of the Almighty.

THE BRIGHT ANGEL WITHIN YOU.

15.

BE!!

ONE OF THE SMALLEST OF ALL VERBS!!

It is the mother word. It creates. It contains in it the act of creation. God used it to create His Cosmos, "LET THERE BE...."

Inherent in creation is BE-ING. It does not mean merely "I AM created. I exist." No, it is not static - but DYNAMIC. "I AM momentarily and continuously expressing life."

Inherent in Being is the constant flow of Life, of the Creator radiating outward. No, not even so perceptible a movement as radiating, but Being - as Light is!!

Speak very softly, almost inaudibly, the word BE into your inmost Self and listen to the sound echo into the depths of YOU. I cannot tell you what you will hear in the echo. Each for himself calls forth his own Sound.

Hum the word "be".

Go in - and in - and IN! And there all the sham will melt away, and you will let go of all pretense, all struggle for the meaningless. In that Inmost Center, you are YOU. PURE LIGHT. ALL LIGHT. THE ESSENCE OF ALL BEING!

No one can tell it. Only you can know and feel it in the same way that you slowly become aware of the subtle changes from darkness to half-light and from dusk to dawn in all their beautiful tones of light and color.

Go in - and in - and in - until you feel intuitively even the faintest shade of Light. Then watch and wait for THE DAWN!!

Being takes all the struggle out of living. Your Bright Angel takes the initiative and expresses in you the Highest that you can live. There is no way to measure the Life that will come in and through you. For then your Life is in the primal Light of Creation!!!

Inherent in Being is Life, Youth, constant rebirth, eternal re-creation!! Watch and wait for the first brilliant rays of THE DAWN.

16.

You have seen people whose faces are radiant with an inner Light and Joy.

There is no strain, no tension, no inner pressure to "get things done". Just Peace with that which IS! And you wonder how this is. What have they within that (do not have continuation)

YOU SHALL COMPREHEND ALL THINGS.

(This is the SECOND PART of an unpublished lecture of ANNALEE SKARIN. Part One appeared in Golden Dawn No. 46.)

Don't you realize that the very grandest thing you could possibly tell me is that things in your life are beginning to straighten out and become smoother? That is just how this work begins to manifest - not in a great outward show - as we at one time expected, but in an inner comprehension, an inner progress that as gradually unfolds as the flower unfolds from the bud. It is always like that. This growth unfolds slowly from within and at first is almost unnoticeable. It is first just a feeling - then one's physical surroundings begin to be more harmonized - and thus it unfolds steadily and surely, perfectly - and the Light shines in all its glory. The LAST UNFOLDING CAN TAKE PLACE IN AN INSTANT - THE ANNOINTING OF LIGHT. But the full preparation for it will have to be completed in perfect detail first. Just live for it, every moment, every thought, every breath. It is joy unspeakable. It is life everlasting. It is power and light and love and perfection. Just KNOW that it is already yours, just as surely as the peach tree holds within itself the power of blossoming and bringing forth a full and ripened crop of fruit. LEARN TO TRUST COMPLETELY IN THAT POWER OF CHRIST, or SPIRIT WITHIN, which is the vine to bring it forth - the complete, unfolding, glorious, "beautiful you".

There is always so very much I want to tell you. In the "Vision" by Lundwall, Joseph Smith is recorded as saying that he was not permitted to reveal one-hundredth part of what he saw in the vision contained in the 76th Section of the "Doctrine & Covenants". He explained that when he had the vision, "My whole body was full of light and I could see even out at the ends of my fingers and toes." This condition is an absolute fact, and can be experienced by any child of God who will only prepare himself to receive that degree of enlightenment. You ask how you can know the truth of these things, and if that "good feeling within" is enough of an answer. Remember what was given to Oliver Cowdrey - the information that the peace that the Lord had given in his heart was the answer. That is most assuredly true. The very first gift of the Spirit of the Lord is Peace - that is always the first gift.

It was the priceless gift He gave to the earth when His Beloved Son was born. That gift was never withdrawn. It is always waiting there for all who will only accept it. After Peace comes the other gifts of the Spirit: faith, joy, vision and eventually complete contact and KNOWING. Learn to know and understand the peaceable things of the Spirit and you will find the very Kingdom of Heaven, for you will actually be abiding in it.

You say that you are so very far behind. There are hundreds and hundreds who will be called into this work who have not as yet even heard of it. It does not matter in the least where one stands on the highway of Light, or even if he has even stepped his foot as yet upon it. God did not love those who had arrived in the valley of Israel more than those who were still struggling with their handcarts along the way, or then those who were still to be guided into Truth at some later day. His love enfolded them all, and for each there was the knowing that they would come and build up Zion and participate in its blessings. You were ordained to have a part in This Work. It is your destiny, as it is mine, and the others who are lifting their heads to the dawn, and glimpsing the coming of the New Day being born. Just know this: There is a great and mighty Work before you, and before those who have been called and ordained in heaven to have a part in bringing this work forth. How great God was to let us have a part in it. I feel so humble before it.

It seems that I want to stand forth and shout these things from the housetops.

And when I beg God to forgive our blindness, our smugness, our self-righteousness of the past, our greatest problem in this work is to unlearn so much which we have learned that is in error. We have to swing out beyond all mortal concept into the realms of the Spiritual and then we bow humbly before the great truths of eternity - the truths that all men have access to God as they ask, seek and knock. We have been blinded by our bigotry.

The original Apostles were told: "Never cease striving until you have seen God face to face. Your ordination is not complete until God has laid His hand upon you." Again this is what is meant by D. & C. 50:24-9 to be ordained of God, but it is an ordination which everyone should receive, and they are not to cease striving until they do receive it. It is the promise of the "fullness of the Father". These are the things I know - that no one has a monopoly upon God, nor upon His power - that every individual upon this earth has the right to know God and to be directed by Him. (D. & C. Sec. 1:14-16;20-23)

God be with you, and never cease until you have beheld the face of God, and know that it is not with the carnal, neither with the natural Mind that you will behold Him, but with the Spiritual. And you shall comprehend even God. It is the Christ, or this inner Light of Christ within you that leadeth to the Father. These are the promises. Lay hold upon them! Few are ready to comprehend these teachings though they have been in the Scriptures for many years, so hold them sacred in your own heart and share them with those who are prepared to receive.

Each day these laws of love and light become more perfect and more glorious. It is just a little like this - if you stick a pin in your finger your finger knows it has been hurt. It is the injured cells in that finger that know all about it and they suffer with the pain. That message is sent to the brain so that your mind also is completely informed of what has happened, but it is still the finger that is suffering. Or you can touch silk or velvet with your fingers, and they will caress and love the thing they touch. Within the tiny cells of your body is intelligence - infinite intelligence. Every thought and every feeling has left a record written upon those cells. Every dismay, every doubt, every fear has been implanted into those little brain cells of intelligence, and all the impatient thoughts have become a part of our being. Therefore, it becomes necessary that we understand perfectly what we have done to these bodies of ours, and know that the defilement has not been so much from impure foods as from impure thoughts and emotions, thoughts of unkindness, criticism, doubts and worries and unhappiness. These are the great poisons that we have been feeding our bodies upon. As we eat pure foods and realize that we are partaking of the hidden manna, the life substance, the real sacrament, and the waters of life, then we must also comprehend - even more perfectly - that by our conscious minds we must feed them the light and love of the Spirit until every cell and fiber of our bodies vibrates with a purity and is completely renewed with a beauty and perfection and poise and assurance that knows no fear. For perfect love casts out all fear, from every cell and fiber of the being, and that is also how the darkness is cast out, from the mind and heart, but from the flesh, every cell and tissue of it. This is the renewal of the bodies. Do you see how far reaching it is? Thus one gradually evolves from the physical into the higher Spiritual realm.

How great God has been to us and how wonderful are His ways. As you practice the first and great commandment you will learn that your being is trained in the great eternal symphony of the universe - the New Song. Your mind becomes perfected in contacting this divine love of God, that it might truly be shed forth in your heart to heal and bless and restore. For this love is the fruit of the Tree of

Life. Thus you are not only the musician perfecting the greatest Symphony ever possible to express, you are also the divine instrument on which it is played. Teach these things and as others begin to comprehend them they will be ready to give up the sensual things of their physical appetites and live the complete laws, which are so beautiful.

(The THIRD and CONCLUDING PART of this unpublished lecture of ANNALEE SKARIN will appear in Golden Dawn No. 48.)

THE BRIGHT ANGEL WITHIN YOU.

17.

A precious jewel has fallen into my lap, and I am giving it to you. It is a Truth that can lift you to the stars! LISTEN:

"I have learned a Great Secret. I have learned how to make my science a thing of Life and not of words, and I am going to tell you what the wonderful secret is, for IT IS WONDERFUL!"

"It is this: not to see or hear or report any kind of imperfection. It is seeing, hearing, and repeating good and good ONLY at all times and under all circumstances, and in spite of everything that appears to the contrary.

"I make that resolution every morning when I first open my eyes and I renew it every hour of the day. I see PERFECTION - a perfect cause and a perfect effect., a perfect God and a perfect man, and I REFUSE TO MAKE ANY KIND OF EXCEPTION. I refuse to admit the slightest imperfection in my affairs, my friends, and my so-called enemies or in the world's affairs.

"I TAKE MY RADICAL STAND FOR PERFECTION of God and of everything and everybody that He has created. I look upon the world with God's eyes, and I see it just as He sees it, and I refuse to see it any other way. I don't try except for a day at a time I stop a dozen times a day and renew the resolve to make sure that I am not repeating error or giving way to fear or criticism.

"I watch my thought about the people, the lame, the old, the unlovely(to sense) that I pass on the streets, and even about things, inanimate objects and stray animals. I EXCEPT NOTHING. I have taken my radical stand for perfection and I will not, absolutely WILL NOT relax that perfect standard. THE RESULT HAS BEEN SIMPLY MARVELOUS.

"Try it and you will find that you will forget your glasses, for they will be unnecessary. You will be seeing with God's eyes. His perfect sight, and you will behold a perfect universe - the outward condition of your inward thinking. To change the picture, one must change the thought that produced the picture."

I do not know who wrote this simple and beautiful statement of a Law as ancient as Life Itself and one that is basic to all philosophies, but I am grateful to the author.

Why is this philosophy so vital, so essential to our spiritual growth?

Because it is the LIVING TRUTH!

It is the Truth of God's Creation! The Immortal Stream of Life flows from out the heart of God - PERFECT. ALL LIFE IS PERFECT!!

When you refuse to accept imperfection, it just DISAPPEARS. For you, it no longer exists because it is not in your consciousness. You will be seeing the world as God made it, as He sent it forth, Light, the Essence of All Being! More than that you will be creating Perfection wherever you look! You will BRING FORTH THE TRUTH OF BEING!!

Try it. Your Bright Angel and all the angels in Heaven will rejoice with you!!

YOU SHALL COMPREHEND ALL THINGS.

(This is the THIRD (AND CONCLUDING) PART of an unpublished lecture of ANNALEE SKARIN. Part One and Two appeared in Golden Dawn No. 46 and 47.)

Know this always, as any cell of your body has the power to inform the mind of pain or danger, of a sense of joy, so that your mind can comprehend completely the experiences of these tiny cells of flesh, then know even better that THE MIND ALSO HAS THE POWER TO CONTACT EVERY LITTLE CELL, FIBER AND TISSUE OF THIS PHYSICAL BODY. THE MIND OR INTELLIGENCE ALONE CAN AWAKEN THESE CELLS TO THE GLORY OF LOVE, LIGHT AND RENEWAL OF LIFE. The physical diet alone will never do this for anyone. Always it is the Spiritual knowledge implanted into the cells that is transforming into Spirit, unfolding them in light, perfecting them in love. Live by these laws and you will know the power of them.

And again the thought, the New Song, that so few will ever be able to sing is this song of divine love as it vibrates from every cell and every fiber of one's being. That New Song is not a song of words. It is a song of glory that is a vibration of such infinite praise and love it blends with the eternal symphony of the universe and blots out all darkness. Few can learn it because of the hardness of their hearts and the blindness of their minds and because of unbelief. The First and great Commandment, and the Second, truly fulfill ALL LAW. Love it. Live it. Never let a single day pass without practising it - for you are the divine instrument on which it is sent forth to help, heal and bless a world, and soon all things around you will fall into a rhythm of vibrating glory and perfection.

It seems as one takes hold of these higher truths his mind swings far out, and earth is left behind, and eternity opens with its increasingly amazing wonders. Truly the "Mysteries of Godliness" are the highest of all attainments. Yet what a deep earthly rut we have been in. We have been satisfied with the FORMS of Godliness, the outward show of things, meetings, rituals, conformity, orthodoxy, symbols, emptiness with its innumerable burdens of many meetings.

I know just how badly you desire to fulfill all the laws of righteousness, and God knows and understands, and He loves you greatly. Pray for wisdom. Never let a day pass without praying for it - wisdom to comprehend all things. Then you will know just what is required each day as it comes, and you will comprehend His will in everything that you do. Your body is the LIVING TEMPLE OF GOD. It must be considered, strengthened, and not destroyed or weakened in any way. God needs your strength, not your weakness. He needs all the power of your mind, all the desire of your soul, and all the strength of your body, for it is through the body that the Spirit works.

Now I want to give you the keys by which these things can be taught. As you begin to live these truths in every thought, in every cell of your body send out love and light. It softens the hearts of those you contact and before long they will come to you and begin to ASK. And that is exactly what is meant by "ASK, SEEK, KNOCK". The only ones who have been promised by the Father are the ones who ask, seek and knock, for until they do they are totally unprepared to receive. Those who are meant to have this work will draw it to them, or will themselves be drawn into it. It does not matter particularly. All I know is that it will never be taught to multitudes until multitudes have prepared themselves in some degree to receive it.

This is what was known anciently as the "Sacred" or "Inner Doctrine", the keys which Moses held, but which he could not share because of the hardness of the hearts of the people. It is the sacred and inner doctrine because it is the most sacred doctrine revealed on earth - the laws of love and perfection and light and glory, and

(9) the inner doctrine because it is of no value unless one can take it into his very being and live it from within until he fulfills the promises and receives the promises. It is something that is individual. Relax, and first learn of yourself to become one with God, united with His power, filled with His Spirit, clothed with His light and then you will be ordained and sent forth.

Now about the commandment of loving thy Father and thy Mother, meaning our Heavenly Father and Mother. It was given to me about two years ago. Later it was verified by a very ancient copy of the commandments which came into my hands from an old man of Syria. Earthly parents took that glory unto themselves in order to hold control over their children, and to stand between them and their God. Whenever any assume such authority darkness reigns. And I was thinking of your blessing, stating that you will understand the secrets of nature, but some will say, "Oh, you are going into the mysteries, that is forbidden." And if you received all the truth possible and tried to tell them they wouldn't understand. Don't let anything stop you. God gave you that promise and He will fulfill it unto you as you step forth without fear to lay claim to it. Sure, it is mystery! So was the ocean in the days of Columbus. BUT IT IS OUR BIRTH RIGHT TO COMPREHEND ALL THINGS.

Now perhaps I can give you just a little more insight of verification of the powers of our Heavenly or earthly Mother by referring you to the facisimile of the Book of Abraham, figures 5,6,7. Our Mother's throne is suspended from the throne of the Father, and She is ruling over the earth in its four quarters and over its four major elements, which truly include all others, and over the sunlight. Therefore She does rule over the air, the water, the angels of sunlight and all the minerals of earth. No truth contradicts another truth, and this proves definitely the power of our Earthly Mother, our Heavenly Mother, our great loving, gracious Divine Mother. I know it does take time to absorb this information. It is so contrary to all we have been taught.

Another thing, sex has nothing to do with the gift and power of creation. The understanding of the laws of creation is glorious and beautiful. It is a principle which all individuals share alike with God who created all things, and brought them forth into manifest form. This great, loving tender Father of ours - He becomes ever nearer to your heart, ever dearer to your soul as you open your hearts to receive Him. Before too long you will understand completely the glorious principle of creation. Yes, we will clothe other intelligences with Spirit form as the light and the life become subject unto us, and the Spirit and the power - for these intelligences or entities which are also thoughts - will be brought forth into tangible form as our minds hold them, and holding them in love, clothe them in a greater Light or form. Anyway, do not let this trouble you now. To comprehend it fully one will have needed to have completed his schooling and be filled with Light. THEN HE WILL COMPREHEND ALL THINGS!

Information is contained in the Book of Moses on the meaning of carnal, sensual and devilish. In speaking of the one hundred and forty-four thousand who will stand on Mount Zion read Revelation 14:4. The reason why so many will fail is because, "Many are called, but few are chosen." Why are they not chosen? It is because they are walking in darkness at noonday. When these greater things come before their eyes and they reject the Light they of themselves are choosing darkness and therefore cannot possibly be chosen. They are all called to partake of these blessings, but few will answer that call for their eyes are blinded to the Light. Yes, it will be the humble and the unlearned, or the weak and foolish who are to confound the wise. Surely I have fulfilled that.

You are doing beautifully with the book of Revelations. Just continue to pray

as you read and study. Keep your mind, heart and soul wide open to comprehend. If you do not understand it all, shortly your studying and praying will prepare you to receive all truth. For when it is all given to you as you are filled with light and comprehend all things you will learn that every little bit of truth is a portion of the whole.

My whole desire and mission is to help each and every individual find that contact with God our Father, so that they individually can have that personal, direct contact with Him, that they might be filled with Light, and know all things. This is our Heritage. It is our birthright if we will only accept it.

When one has learned to command that Light - upon great emergencies, and small occasions also, he will know he is in command - that it will come forth whenever he needs it. Next comes the great power spoken of in D. & C. 50:26-29, the power to possess this power out beyond his own personal needs, to help others, to do the works of Christ - even greater works.

All seven of these great and holy promises to "Him that overcometh" are so beautiful and divine. I am only mentioning the above ones to you because the meaning of the others is so apparent. How about your questions about practicing mental telepathy. It takes a lot of concentration and time to accomplish it the way you are doing. If you seek first to know God - to hear His voice - to learn to listen only to His desires you will travel much faster. As you become ONE with Him, all things will be in tune with you. You will hear the voice of nature and she will reveal her secrets. You will know the spiritual longings and thoughts in the minds and hearts of men. Your love and understanding for them will grow and increase and multiply into perfection. It is so much more beautiful to love Him with all your minds, your hearts and souls than to work as you are. Of course, there is no harm in what you are doing, except a great waste of time and energy. You may grow proficient in time in sending each other messages, but that is not too important right now. The great important thing is to get this divine contact with Almighty God - to learn to "Be still and know I Am God." And the being still means getting all one's runaway energies quieted under the great command of "Peace - be still!".

It is definitely not good to work and struggle too hard. "Be still" means to relax - to be at peace. The easiest way to do this is to just love and worship and adore and let your whole soul open wide to His great healing love, and with increased power send that love forth to heal and enfold the whole world. There is no straining and struggling in loving. This is literally the turning to Him in every thought, with a deep inner peace of such unspeakable love you will have truly found the way of light and power. It is not done through tcnnseness, heartbreak, tears or exerted mental ordeals but by contact with HIM.

ESOTERIC CHRISTIAN

If you would be a true Christian, an Esoteric Christian, stop looking for shortcuts. There are none. There is only one criterion by which you are to judge: your own inner light. Do not take as "gospel" what you read on the printed page or hear from some expert or other. Rather, use the yardstick of your own Indwelling Christ to measure the truth of everything you read and hear. Seek by every means to understand more of the Truth of yourself, of the Christ that you are, and be eternally vigilant to show forth the Christ in every detail of your experience.
